

Logistics Service Providers Executive Declaration of Support for the GPCA Responsible Care® program

As a signatory to this Declaration of Support, my company will actively implement and strengthen the Responsible Care program throughout the Chemical Supply Chain and is committed to:

- 1 A corporate leadership culture** which proactively supports safe chemical management and handling throughout the chemical supply chain, promoting and sharing the benefits of Responsible Care;
- 2 Safeguarding people and the environment** by actively utilizing the Gulf SQAS program as a means to demonstrate continuous improvement in the environmental, health and safety performance and security of our equipment, facilities, processes, services, and technologies;
- 3 Support the strengthening of chemical management systems** by participating in the development and implementation of sustainable chemical product handling and stewardship best practices, and sharing the results with the industry;
- 4 Influencing business partners** to promote the safe management of chemicals within the chemical supply chain including the benefits of the Gulf SQAS program;
- 5 Engaging stakeholders**, understanding and responding to their concerns for a safer chemical supply chain and openly communicating our EHS&S performance and services;
- 6 Contributing to sustainability** through improved performance, expanded economic opportunities and the development of innovative technologies and services which contribute to solutions to societal challenges.
